held at 10.00 a.m. on Wednesday 13 April 2016
in the Council Chamber, Aras Chill Dara**

MY25/1604

The Greenway on the Royal Canal and the Community Garden in Kilcock

A report was received from the Roads, Transportation and Public Safety Section informing the members that during the 2015/2016 winter, Transport Infrastructure Ireland funded extensive vegetation removal along the Greenway on the Royal Canal sections in Kildare and Meath. If funding was available in summer 2016 from the Department of Transport, Tourism and Sport, the relevant Local Authorities will be in a position to commence the project immediately and not delay until September before starting. Should funding be confirmed, it has been agreed that the first section in Kildare to be completed would be from Allen Bridge, on the West side of Kilcock, as far as Chambers Bridge, a distance of 3.4km and would include the installation of new traffic lights at Shaw Bridge. The next steering committee date for this project is on the 28 April in Mullingar and an update will be provided at the next municipal district meeting.

Resolved that the reports be noted.
